European Patent Application 00 125 433.3  
"Process for immobilization of nucleic acid molecules on a substrate"

Dear Mr. Stendel,

for the above mentioned European Patent Application we have received the European Search Report, a copy of which is enclosed together with a copy of the cited documents.

As usually we will well in advance remind you with respect to time limits for foreign applications or a PCT-application.

Very truly yours  
BOEHMERT & BOEHMERT

*Christian W. Appelt*
